

## MOTORIZED / MANUAL POLICHINEL SERIES

### THE HIGHEST QUALITY

Quality, value, and customer service have made MDI a world leader in the cinema screen business. The Strong/MDI Polichinel screen has been designed and manufactured using the same care used to make our line of cinema screens. Strong / MDI supplies cinemas World Wide with high quality screens. Our products are used and trusted by major theatre chains, specialty theatres, and the large format industry.

### LOOK FOR THE VALUE

The Strong / MDI Polichinel screen is the best value available when budgeting for medium application. Options that cost hundreds of dollars on other models come standard on the Polichinel at no additional cost. Strong / MDI stands by his products and are fully guaranteed.
